

a Taste of Innovation

2017

a benefit for WPSU-FM

Saturday, May 20, 2017
Innovation Park

Welcome

Thank you for supporting WPSU-FM's newest community event, "A Taste of Innovation."

As you enjoy the food, beverages, music, ice cream, chef demonstrations, Innovation Park TechCelerator demonstrations, lawn games, and kids' activities we wanted to take a moment to tell you just how vital you are to WPSU.

Your support enables us to broadcast NPR news, music, and entertainment programs every single day to central Pennsylvania. Through your donations we are able to hit the road and record original content like *The Folk Show Road Show* and *Jazz at the Palmer*, and to expand our coverage through three WPSU-FM streams and on our new app.

If you need directions or help today please find us dressed in the white "A Taste of Innovation" aprons. We would love to read your comments on social media, too!

All guests opting to taste alcoholic beverages must have ID scanned before entry and issued a yellow wristband. Our alcohol exhibitors cannot serve anyone who does not show the yellow wristband.

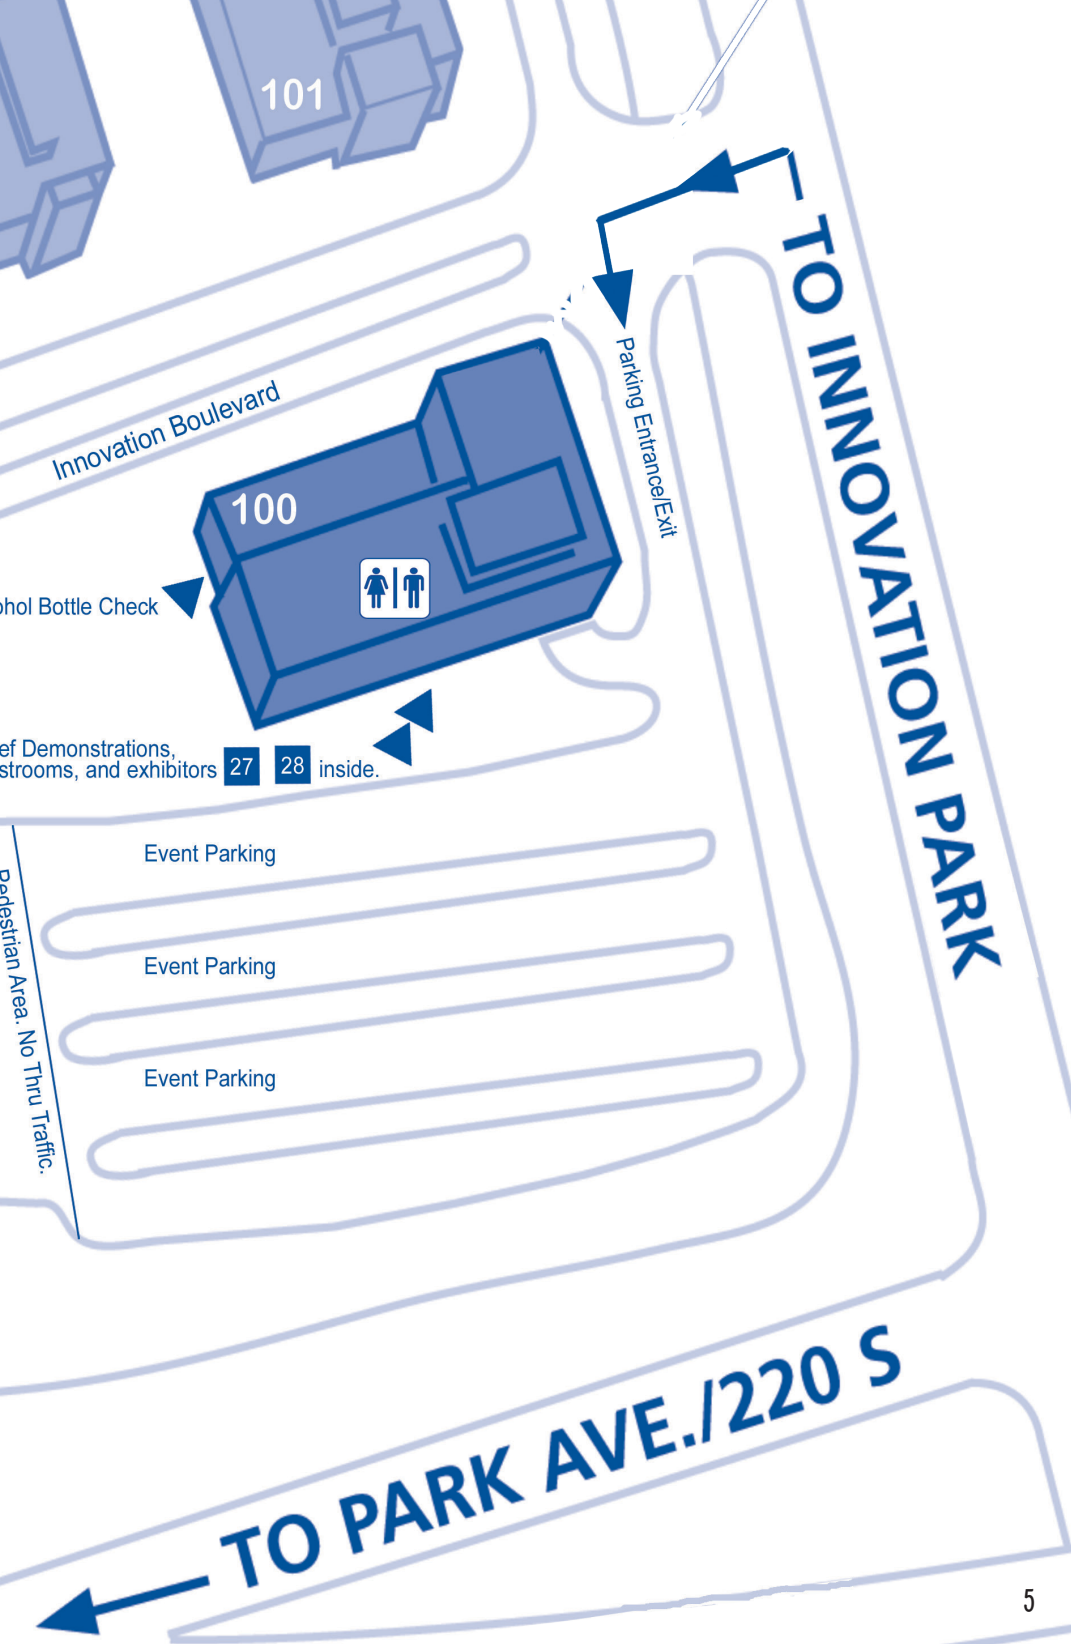

Per Pennsylvania Liquor Control Board regulations, guests may taste alcoholic beverages without purchasing a food wristband; however, we ask that you support WPSU by purchasing a food tasting wristband.

Food exhibitors are offering bite-sized samples to all guests with green wristbands. Multiple samples to repeat visitors are at exhibitors' discretion.
