

# THE VIETNAM WAR TELLING THE PENNSYLVANIA STORY

## How The Wall is organized:

The names are listed in chronological order by date of their casualty and begin and end in the center of the memorial where the two walls meet. Each panel is numbered from "1" to "70" at the base, with West Panel 1 and East Panel 1 meeting at the center, leading out to East or West Panel 70.

## Symbols on The Wall:

Each name is preceded (on the West Wall) or followed (on the East Wall) by a symbol designating status:

- ◆ The diamond symbol denotes that the service member's death was confirmed.
- + Those whose names are designated by the cross symbol were in missing or prisoner status at the end of the war and remain missing and unaccounted for.

**Dots:** Each dot marks ten lines. The dots are located on the even-numbered panels.
